4-H Bugle

February 2010

A Note From UW-Extension

Mary Pardee's office is empty now and we are all missing her, as many of you are. But rest assured, all of us in the Burnett County UW-Extension office are here to support your good work for our local 4-H program. Until a new Youth Development Educator is hired, we will do our best to fill the void!

We want you to be aware of the process of hiring a new Youth Development Educator. Marilyn Kooiker, Family Living Agent and Burnett County UW-Extension Department Head, is doing her best to encourage re-filling the position at 100%. The Natural Resources Committee of the Burnett County Board of Supervisors has approved refilling the position at that level, but the Administration Committee has tabled the final decision until their March 15 meeting. If you have any questions or concerns about the refilling of the Youth Development Educator position, please call the UW-Extension office at 715/349-2151. Also, please feel free to email Peggy Tolbert at ptolbert@burnettcounty.org.

As of this writing, the final proof of the 2010 Plat Book is being reviewed and the book will go to press once the go ahead has been given by the 4-H Leaders. The book is definitely overdue, but it looks gorgeous. The cover photo by Laura Formanek captures the wonder of winter in Burnett County.

Throughout this issue of the Bugle there are reminders of upcoming 4-H events - Winter Fun Day, the Cultural Arts Festival and the Food and Clothing Revues as well as notices of new events. Stay busy and Spring will be here before we know it!

Also, don't miss the deadline for submitting applications for Burnett County 4-H scholarships. Applications must be received in the UW-Extension office no later than Friday, February 26.

Thanks for your patience during this time of transition.

Report from Winter Camp Report

Winter Camp was very fun this year. We learned about the renewable energy source of wind. We got paired into groups and we got to make our own miniature wind turbines from a kit. We made the turbine and put in a generator. We also had to design the blades. At the end, we all tested our wind turbines to see how many volts we created. Jared's team won this competition. Then, we hooked all the turbines up to a large circuit board and saw how many volts we created all together. This was a very fun experience. We made apple pie and my group made the "prettiest pie!" Olivia enjoyed broomball, but wished there had been more crafts. Remember, if you are 14 or over, this is something you should try to apply for and attend next January. Thanks to Phil for chaperoning and driving us safely home in the snowy weather.

Wood Creek News:

We had our annual Christmas/monthly meeting on January 3rd at 3:00 at the Siren School. We had a cake/cookie walk, a present exchange, and a potluck dinner. At our meeting we talked about the Communications Contest and who is going to Winter Camp. On January 8th at 3:30 our club held a Cloverbud sewing meeting. Jacob and the older kids in the club taught the Cloverbuds how to sew beanbags. Each of the Cloverbuds made two or more beanbags, kept one, and donated one to the Family Resource Center. They will meet again and make hats soon. We also have a fun Winter activity planned for February. Our next meeting is March 7th at 4:00, held at the Siren School.

Respectfully Submitted,
Allie Webster and Emily Stiemann
